PSC APPROVES ADDENDUM TO WATER TERRITORIAL AGREEMENT

JEFFERSON CITY—The Missouri Public Service Commission has approved an addendum to a water territorial agreement between the City of Hannibal and Public Water Supply District No. 1 of Ralls County which allows the Public Water Supply District to provide water service to a building located in the City of Hannibal's service territory.

The Commission approved a territorial agreement between the City of Hannibal and Public Water Supply District No. 1 of Ralls County on January 7, 2005. That agreement designated the boundaries for each water supplier in and around the City of Hannibal.

The addendum allows Public Water Supply District No. 1 of Ralls County to serve a building site on West Ely Road, which is within the City of Hannibal's service territory under the territorial agreement. The Public Water Supply District No. 1 of Ralls County has existing facilities in place to serve the site; the City of Hannibal does not.

"Based on its findings of fact and conclusions of law, the Commission determines that the submitted addendum to the existing territorial agreement between the parties is not detrimental to the public interest and shall be approved," the Commission's order said.
